Try'd, &c. ... In Two Parts. By  
John Agate, M.A.**

- More than 500 appearances on national bestseller lists • #1 Wall Street Journal, New York

Times, and USA Today • Won 12 book awards • Translated into 35 languages • Voted Top 100 Business Book of All Time on Goodreads People are using this simple, powerful concept to focus on what matters most in their personal and work lives. Companies are helping their employees be more productive with study groups, training, and coaching. Sales teams are boosting sales. Churches are conducting classes and recommending for their members. By focusing their energy on one thing at a time people are living more rewarding lives by building their careers, strengthening their finances, losing weight and getting in shape, deepening their faith, and nurturing stronger marriages and personal relationships. YOU WANT LESS. You want fewer distractions and less on your plate. The daily barrage of e-mails, texts, tweets, messages, and meetings distract you and stress you out. The simultaneous demands of work and family are taking a toll. And what's the cost?

Second-rate work, missed deadlines, smaller paychecks, fewer promotions--and lots of stress. AND YOU WANT MORE. You want more productivity from your work. More income for a better lifestyle. You want more satisfaction from life, and more time for yourself, your family, and your friends. NOW YOU CAN HAVE BOTH — LESS AND MORE. In The ONE Thing, you'll learn to \* cut through the clutter \* achieve better results in less time \* build momentum toward your goal\* dial down the stress \* overcome that overwhelmed feeling \* revive your energy \* stay on track \* master what matters to you The ONE Thing delivers extraordinary results in every area of your life--work, personal, family, and spiritual. WHAT'S YOUR ONE THING? NEW YORK TIMES BESTSELLER • “Alternatingly heart-pounding and heartbreaking. This collaboration between two best-selling authors seamlessly weaves together Olivia and Lily’s journeys, creating a

provocative exploration of the strength that love and acceptance require.”—The Washington Post GOOD MORNING AMERICA BOOK CLUB PICK • PEOPLE’S BOOK OF THE WEEK ONE OF THE BEST BOOKS OF THE YEAR: PopSugar Olivia McAfee knows what it feels like to start over. Her picture-perfect life—living in Boston, married to a brilliant cardiothoracic surgeon, raising their beautiful son, Asher—was upended when her husband revealed a darker side. She never imagined that she would end up back in her sleepy New Hampshire hometown, living in the house she grew up in and taking over her father’s beekeeping business. Lily Campanello is familiar with do-overs, too. When she and her mom relocate to Adams, New Hampshire, for her final year of high school, they both hope it will be a fresh start. And for just a short while, these new beginnings are exactly what Olivia and Lily need. Their paths cross when Asher falls for the new girl in school, and Lily can’t help but fall for him,

too. With Ash, she feels happy for the first time. Yet at times, she wonders if she can trust him completely. . . . Then one day, Olivia receives a phone call: Lily is dead, and Asher is being questioned by the police. Olivia is adamant that her son is innocent. But she would be lying if she didn’t acknowledge the flashes of his father’s temper in Ash, and as the case against him unfolds, she realizes he’s hidden more than he’s shared with her. *Mad Honey* is a riveting novel of suspense, an unforgettable love story, and a moving and powerful exploration of the secrets we keep and the risks we take in order to become ourselves. This historical study of Pierre-Daniel Hueta (TM)s "Censura philosophiae cartesiana" (1689) and the controversy surrounding it, shows that there are good answers to the perennial standard criticisms of Descartes (TM)s philosophy: the method of doubt, the cogito, proofs of God (TM)s existence, etc. When items go missing from the bakery where

KatieAnn Mast whips up her special treats, evidence points to her as the thief. All will be forgiven if she confesses before her Persimmon Creek Amish community and promises to mend her ways. But KatieAnn is not guilty, and she refuses to kneel in confession to a crime she did not commit. Wouldn't lying be as bad as stealing?

Songs of the Humpback Whale  
For years, Jane Jones has lived in the shadow of her husband, renowned San Diego oceanographer Oliver Jones. But during an escalating argument, Jane turns on him with an alarming volatility. In anger and fear, Jane leaves with their teenage daughter for a cross-country odyssey. Now Oliver, an expert at tracking humpback whales across vast oceans, will search for his wife across a continent—and find a new way to see the world, his family, and himself: through her eyes.

Plain Truth  
The discovery of a dead infant in an Amish barn shakes Lancaster County to its core. But the police investigation leads to a more shocking disclosure:

circumstantial evidence suggests that Katie Fisher, an unmarried Amish woman believed to be the newborn's mother, took the child's life. When Ellie Hathaway, a disillusioned big-city attorney, comes to Paradise, Pennsylvania, to defend Katie, two cultures collide—and for the first time, Ellie faces a system of justice very different from her own. Delving deep inside the world of those who live "plain," Ellie must find a way to reach Katie on her terms. And as she unravels a tangled murder case, Ellie also looks deep within—to confront her own fears and desires when a man from her past reenters her life. Salem Falls  
A handsome stranger comes to the sleepy New England town of Salem Falls in hopes of burying his past: Once a teacher at a girls' prep school, Jack St. Bride was destroyed when a student's crush sparked a powder keg of accusation. But amid the rustic calm of Salem Falls, a quartet of teenage girls harbor dark secrets—and they maliciously

target Jack with a shattering allegation. Now, at the center of a modern-day witch hunt, Jack is forced once again to proclaim his innocence: to a town searching for answers, to a justice system where truth becomes a slippery concept written in shades of gray, and to the woman who has come to love him. How to foster happier employees for a healthier bottom line Managers could learn a lot from a message echoed by generations of dairy farmers: "Contented cows give better milk." This book is not, repeat, not a management tome. In this fully revised and expanded edition to a book which absolutely, positively makes the case that treating people right is one of the best things any business can do for its bottom line, *Contented Cows Still Give Better Milk* offers sound, practical advice for those who know that their reputation as an employer is as important as bandwidth. Offers updated case studies and new examples from on-site research in a number of real organizations, as well as

inspiring examples of companies that know how to do it right . . . and few that didn't Fad-free prescriptive advice informed by the authors' combined four-plus decades of training and consulting with thousands of managers and employees, conducting employee engagement surveys, and translating the attendant learning to management audiences in a form they can appreciate and use Coauthor Bill Catlette's *Bottom Line Leadership Seminar* has helped thousands of managers become more effective leaders Direct from the horse's . . . actually cow's mouth, this fully revised and expanded second edition will teach readers that having a focused, engaged, and capably led workforce is one of the best things any organization can do for its bottom line. From Coretta Scott King Award-winning author Patricia C. McKissack comes a humorous and poignant picture book about the right time to tell the truth. "Tell the truth and shame the devil," Libby's mama has told her. So

whatever is Libby doing wrong? Ever since she started telling only the truth, the whole world seems to be mad at her. First, it's her best friend, Ruthie Mae, who gets upset when Libby tells all their friends that Ruthie Mae has a hole in her sock. Then Willie gives her an ugly look when she tells the teacher he hasn't done his homework. It seems that telling the truth isn't always so simple. Can Libby figure out what it really means to be truthful and make amends? A dying girl gives a boy the strength to live in this lyrical novel that will break your heart and lift your spirit.

Peter Stone's parents and siblings are extroverts, musicians, and yellers—and the louder they get, the less Peter talks, or even moves, until he practically fits his last name. When his family moves to the Texas Hill Country, though, Peter finds a tranquil, natural valley where he can, at last, hear himself think. There, he meets a girl his age: Annie Blythe. Annie tells Peter she's a "wish girl." But Annie isn't just

any wish girl; she's a "Make-A-Wish Girl." And in two weeks she will begin a dangerous treatment to try and stop her cancer from spreading. Left alone, the disease will kill her. But the treatment may cause serious, lasting damage to her brain. Annie and Peter hatch a plan to escape into the valley, which they begin to think is magical. But the pair soon discovers that the valley—and life—may have other plans for them. And sometimes wishes come true in ways they would never expect. From the author of the #1 New York Times bestsellers *Small Great Things* and *My Sister's Keeper*, a novel exploring the story of a young woman overcome by the demands of having a family. Paige has only a few vivid memories of her mother, who abandoned her at five years old. Now, having left her father behind in Chicago for dreams of art school and marriage to an ambitious young doctor, she finds herself with a child of her own. But her mother's absence and shameful memories of her past force her to doubt

whether she could ever be capable of bringing joy and meaning into the life of her child, gifts her own mother never gave. *Harvesting the Heart* is written with astonishing clarity and evocative detail, convincing in its depiction of emotional pain, love, and vulnerability, and recalls the writing of Alice Hoffman and Kristin Hannah. Out of Paige's struggle to find wholeness, Jodi Picoult crafts an absorbing novel peopled by richly drawn characters, and explores motherhood with a power and depth only she is capable of. "A brilliant, moving examination of motherhood, brimming with detail and emotion." —Richmond Times-Dispatch "Jodi Picoult explores the fragile ground of ambivalent motherhood in her lush second novel. This story belongs to... the lucky reader." —The New York Times Book Review

Mark has been in and out of hospital his whole life - and he's fed up. So when his cancer returns, he decides he's had enough. Running away with his dog Beau, he sets out

to climb a mountain - and it's only when he's left everything behind that Mark realises he has everything to live for. The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. Delve into what it was like to live during the eighteenth century by reading the first-hand accounts of everyday people, including city dwellers and farmers, businessmen and bankers, artisans and merchants, artists and their patrons, politicians and their constituents. Original texts

make the American, French, and Industrial revolutions vividly contemporary. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification: ++++ British Library W017010 Attributed to Benjamin Franklin by Miller, who identifies him as the printer. This printing is primarily a reimpression of the standing type of the first edition (Evans 5948). Leaf C4, blank in the first impression, here contains an English translation of [Philadelphia: Printed [by Benjamin Franklin], in the year MDCCXLVII. [1747] 22, [2]p.; 8° Song of the Simple Truth (Canción de la verdad sencilla) is the first bilingual edition of Julia de Burgos' complete poems. Numbering more than 200, these poems form a literary landmark—the first time her poems have appeared in a complete edition in either English or Spanish. Many of the verses presented here had been lost and are

presented here for the first time in print. De Burgos broke new ground in her poetry by fusing a romantic temperament with keen political insights. This book will be essential reading for lovers of poetry and for feminists. In the small town of Paradise, Pennsylvania, peace is shattered by the discovery of a dead infant in the barn of an Amish farmer. The monochrome—a single-color work of art—is highly ambiguous. For some it epitomizes purity and is art reduced to its essence. For others it is just a stunt, the proverbial emperor's new clothes. Why are monochrome works both so admired and such an easy target of scorn? Why does a monochrome look so simple and yet is so challenging to comprehend? And what is it that drives artists to create such works? In this illuminating book, Simon Morley unpacks the meanings of the monochrome as it has developed internationally over the twentieth century to today. In doing so, he also explores how artists have understood

what they make, how critics variously interpret it, and how art is encountered by viewers. Everyone talks about style, but no one explains it. The authors of this book do; and in doing so, they provoke the reader to consider style, not as an elegant accessory of effective prose, but as its very heart. At a time when writing skills have virtually disappeared, what can be done? If only people learned the principles of verbal correctness, the essential rules, wouldn't good prose simply fall into place? Thomas and Turner say no. Attending to rules of grammar, sense, and sentence structure will no more lead to effective prose than knowing the mechanics of a golf swing will lead to a hole-in-one. Furthermore, ten-step programs to better writing exacerbate the problem by failing to recognize, as Thomas and Turner point out, that there are many styles with different standards. In the first half of *Clear and Simple*, the authors introduce a range of styles--reflexive, practical, plain, contemplative, romantic,

prophetic, and others--contrasting them to classic style. Its principles are simple: The writer adopts the pose that the motive is truth, the purpose is presentation, the reader is an intellectual equal, and the occasion is informal. Classic style is at home in everything from business memos to personal letters, from magazine articles to university writing. The second half of the book is a tour of examples--the exquisite and the execrable--showing what has worked and what hasn't. Classic prose is found everywhere: from Thomas Jefferson to Junichirō Tanizaki, from Mark Twain to the observations of an undergraduate. Here are many fine performances in classic style, each clear and simple as the truth. Originally published in 1994. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these

important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. Expatriates Doug and Cindi Bower have successfully expatriated to Mexico, learning through trial and error how to do it from the conception of the initial idea to driving up to their new home in another country. Now the potential expatriate can benefit from their more than three years of pre-expat research to their more than two years of actually living in Mexico. They explain: How to begin the process of deciding whether Mexico is for you. How to evaluate locations and costs for expatriation. How to avoid being stereotyped as an Ugly American. How to find and set up your new home. Ways to cure culture shock before arriving in Mexico. How to master Spanish before moving.

How safe Mexico really is. The benefits of cheap living, travel, and medical care. The modern technology available in Mexico. and much more! The Plain Truth about Living in Mexico answers the potential expatriate's questions by leading them through the process from the beginning to the end. In this comprehensive guide, you will learn not only how-to expatriate but will learn what to expect, in daily life, before coming to Mexico. A Spine-Chilling Account Of How Some Politicians Have Subverted The System To Serve Their Personal Ends, The Book Lays Bare The Hypocrisy And Cant, The Chicanery And Deceit And The Contempt For Morality That Have Marked The Pursuit Of Power Politics For Decades Now. An Insiders Story, Related Without Bias Or Rancour By One Who Could Not Be Cowed Down By Threats Or Personal Suffering, It Is Also A Testament Of Faith. Addressed to the Inhabitants of America, on the Following Interesting Subjects, viz.: I. Of the Origin and Design of

Government in General, with Concise Remarks on the English Constitution. II. Of Monarchy and Hereditary Succession. III. Thoughts on the Present State of American Affairs. IV. Of the Present Ability of America, with some Miscellaneous Reflections

Winner of the Pulitzer Prize in 1995 Written in a voice that moves between elegy and prayer, *The Simple Truth* contains thirty-three poems whose aim is to weave a complex tapestry of myth, history (both public and private), family, memory, and invention in a search for truths so basic and universal they often escape us all. “A triumph. This novel’s haunting strength will hold the reader until the very end and make Faith and her story impossible to forget.” —Richmond Times Dispatch

“Extraordinary.” —Orlando Sentinel

From the #1 New York Times bestselling author Jodi Picoult (*Nineteen Minutes*, *Change of Heart*, *Handle with Care*) comes *Keeping Faith*: an “addictively readable” (Entertainment Weekly) novel

that “makes you wonder about God. And that is a rare moment, indeed, in modern fiction” (USA Today). Told by the man who kicked off the infamous lawsuit between Oprah and the cattlemen, *Mad Cowboy* is an impassioned account of the highly dangerous practices of the cattle and dairy industries. Howard Lyman's testimony on *The Oprah Winfrey Show* revealed the deadly impact of the livestock industry on our well-being. It not only led to Oprah's declaration that she'd never eat a burger again, it sent shock waves through a concerned and vulnerable public. A fourth-generation Montana rancher, Lyman investigated the use of chemicals in agriculture after developing a spinal tumor that nearly paralyzed him. Now a vegetarian, he blasts through the propaganda of beef and dairy interests—and the government agencies that protect them—to expose an animal-based diet as the primary cause of cancer, heart disease, and obesity in this

country. He warns that the livestock industry is repeating the mistakes that led to Mad Cow disease in England while simultaneously causing serious damage to the environment. Persuasive, straightforward, and full of the down-home good humor and optimism of a son of the soil, Mad Cowboy is both an inspirational story of personal transformation and a convincing call to action for a plant-based diet—for the good of the planet and the health of us all. A Taste of Grace is an easy-to-read page-turning exploration of God's amazing grace, demonstrated and illustrated by the teachings of Jesus. A Taste of Grace proclaims God's grace as irreconcilably opposed to the core values and beliefs of institutionalized religion and reveals God's grace to be an absurd and foolish sentiment that doesn't add up to the human mind. Finding your simple truth can be like having a positive silent partner always on your side. Using examples drawn from businesses of all types and sizes, this book

explains straightforward techniques that can lead to lasting success and profits. I would like to say that this book is in no way against God, or for that matter really about God at all. Rather, it is about the human experience concerning God, and how we have taken the divine and used it for our own ends. The New York Times bestselling author of Predictably Irrational and The Upside of Irrationality returns with thought-provoking work to challenge our preconceptions about dishonesty and urge us to take an honest look at ourselves. Does the chance of getting caught affect how likely we are to cheat? How do companies pave the way for dishonesty? Does collaboration make us more honest or less so? Does religion improve our honesty? Most of us think of ourselves as honest, but, in fact, we all cheat. From Washington to Wall Street, the classroom to the workplace, unethical behavior is everywhere. None of us is immune, whether it's the white lie to head off trouble or

padding our expense reports. In *The (Honest) Truth About Dishonesty*, award-winning, bestselling author Dan Ariely turns his unique insight and innovative research to the question of dishonesty. Generally, we assume that cheating, like most other decisions, is based on a rational cost-benefit analysis. But Ariely argues, and then demonstrates, that it's actually the irrational forces that we don't take into account that often determine whether we behave ethically or not. For every Enron or political bribe, there are countless puffed résumés, hidden commissions, and knockoff purses. In *The (Honest) Truth About Dishonesty*, Ariely shows why some things are easier to lie about; how getting caught matters less than we think; and how business practices pave the way for unethical behavior, both intentionally and unintentionally. Ariely explores how unethical behavior works in the personal, professional, and political worlds, and how it affects all of us, even as we

think of ourselves as having high moral standards. But all is not lost. Ariely also identifies what keeps us honest, pointing the way for achieving higher ethics in our everyday lives. With compelling personal and academic findings, *The (Honest) Truth About Dishonesty* will change the way we see ourselves, our actions, and others. The discovery of a dead baby under a pile of old blankets in Aaron Fisher's barn sets off a scandal in Amish country and an investigation that could implicate Fisher's eighteen-year-old daughter. A pitch-perfect story exploring the many meanings of family, Jody J. Little's tough yet tender debut is perfect for fans of Leslie Connor and Katherine Paterson. After Pop is sent back to rehab, Jane Pengilly arrives at her newest foster home determined to stick to the straight and narrow and get back to her beloved dad as soon as she can. It's not the first time they've been apart, but Jane's determined it will be the last. Twelve days out in the boonies of Three Boulders

makes Jane miss Pop more than ever. But as the days go by, she realizes that family is more than who you're related to—and that a home can be found in the unlikeliest of places. Mostly the Honest Truth sparkles with a fully realized supporting cast, a safe and supporting setting, and a writer whose ability to imbue her stories with love and hope marks her an author to watch. Plain Truth is a witty and hard hitting book that examines the consequences of government which denies America's origins as a Western nation guided by Christian principles. The importance of identifying the cause, exploring the consequences, and discovering solutions to our crisis is analyzed in depth. It is our duty to ensure that the full

repercussions regarding a denial of our unique heritage are not realized. Plain Truth is meant to inform those without knowledge of the threat before us while inspiring all readers. John Tait was born near Chicago on the very day Jimmy Carter received his second Presidential nomination from the Democratic Party. He attended Northeastern Illinois University and earned B.A.'s in History, Physical Education, and Secondary Education. During that time, he met his wife, Stephanie. They currently live in Glenview Illinois with their two children, Jack and Cadence. Back in print by popular demand, Picoult's acclaimed debut novel treats fans old and new to a poignant story of family, friendship and love.
