best-seller For Men

Only, countless men are realizing that they can indeed understand their wife or girlfriend. This companion book guides men on the next step of the journey. You'll not only learn how to apply those discoveries to your individual relationship, but you'll actually develop the skill of "reading her mind" - or at least reducing your confusion. difference. Questions, key reminders, and case studies that have been field-tested by several men's groups will help you understand what your wife or girlfriend is really thinking and how to make her happy. (Which will make you happy.) Whether you use this guide on your own, as a discussion handbook, or as a conversation starter with the woman in your life, you'll find it an invaluable resource in your quest to cut through the confusion and give her what she really wants and needs from you. This compelling "important and timely" (Drew Faust, Harvard

Magazine) #1 New York Times bestseller examines the legacy of slavery in America—and how both history and memory continue to shape our everyday lives. Beginning in his hometown of New Orleans, Clint Smith leads the reader on an unforgettable tour of monuments and landmarks—those that are honest about the past and those that are not—that offer an intergenerational story of how slavery has been central in shaping our nation's collective history, and ourselves. It is the story of the Monticello Plantation in Virginia, the estate where Thomas Jefferson wrote

letters espousing the urgent need for liberty while enslaving more than four hundred people. It is the story of the Whitney Plantation, one of the only former plantations devoted to preserving the experience of the enslaved people whose lives and work sustained it. It is the story of Angola, a former plantation-turned-maximum-security prison in Louisiana that is filled with Black men who work across the 18,000-acre land for virtually no pay. And it is the story of Blandford Cemetery, the final resting place of tens of thousands of Confederate soldiers. A deeply researched and

transporting exploration of the legacy of slavery and its imprint on centuries of American history, *How the Word Is Passed* illustrates how some of our country's most essential stories are hidden in plain view—whether in places we might drive by on our way to work, holidays such as Juneteenth, or entire neighborhoods like downtown Manhattan, where the brutal history of the trade in enslaved men, women, and children has been deeply imprinted. Informed by scholarship and brought to life by the story of people living today, Smith's debut work of nonfiction is a

landmark of reflection and insight that offers a new understanding of the hopeful role that memory and history can play in making sense of our country and how it has come to be. Winner of the National Book Critics Circle Award for Nonfiction Winner of the Stowe Prize Winner of 2022 Hillman Prize for Book Journalism A New York Times 10 Best Books of 2021 *THINGS FALL APART* tells two overlapping, intertwining stories, both of which center around Okonkwo, a “strong man” of an Ibo village in Nigeria. The first of these stories traces Okonkwo's fall from grace with the

tribal world in which he lives, and in its classical purity of line and economical beauty it provides us with a powerful fable about the immemorial conflict between the individual and society. The second story, which is as modern as the first is ancient, and which elevates the book to a tragic plane, concerns the clash of cultures and the destruction of Okonkwo's world through the arrival of aggressive, proselytizing European missionaries. These twin dramas are perfectly harmonized, and they are modulated by an awareness capable of encompassing at once the life of

nature, human history, and the mysterious compulsions of the soul. THINGS FALL APART is the most illuminating and permanent monument we have to the modern African experience as seen from within. A powerful, poetic memoir of an Indigenous woman's coming of age on the Seabird Island Band in the Pacific Northwest—this New York Times bestseller and Emma Watson Book Club pick is “an illuminating account of grief, abuse and the complex nature of the Native experience . . . at once raw and achingly beautiful (NPR). Having survived a

profoundly dysfunctional upbringing only to find herself hospitalized and facing a dual diagnosis of post traumatic stress disorder and bipolar II disorder, Terese Marie Mailhot is given a notebook and begins to write her way out of trauma. The triumphant result is Heart Berries, a memorial for Mailhot's mother, a social worker and activist who had a thing for prisoners; a story of reconciliation with her father—an abusive drunk and a brilliant artist—who was murdered under mysterious circumstances; and an elegy on how difficult it is to love someone while

dragging the long shadows of shame. Mailhot trusts the reader to understand that memory isn't exact, but melded to imagination, pain, and what we can bring ourselves to accept. Her unique and at times unsettling voice graphically illustrates her mental state. As she writes, she discovers her own true voice, seizes control of her story, and, in so doing, reestablishes her connection to her family, to her people, and to her place in the world. A daughter returns home to the Navajo reservation to retrace her mother's life in a memoir that is both a narrative and an archive of one

family's troubled history. "A candid and achingly fractured memoir of [Geller's] mother, her family, her Navajo heritage and her own journey to self-discovery and acceptance."—Ms. SHORTLISTED FOR: The Hubert Evans Non-Fiction Prize, The Jim Deva Prize for Writing That Provokes • ONE OF THE BEST BOOKS OF THE YEAR: Esquire, She Reads When Danielle Geller's mother dies of alcohol withdrawal during an attempt to get sober, Geller returns to Florida and finds her mother's life packed into eight suitcases. Most were filled with clothes, except for the last one, which

contained diaries, photos, and letters, a few undeveloped disposable cameras, dried sage, jewelry, and the bandana her mother wore on days she skipped a hair wash. Geller, an archivist and a writer, uses these pieces of her mother's life to try and understand her mother's relationship to home, and their shared need to leave it. Geller embarks on a journey where she confronts her family's history and the decisions that she herself had been forced to make while growing up, a journey that will end at her mother's home: the Navajo reservation. Dog Flowers is an arresting, photo-lingual memoir that

masterfully weaves together images and text to examine mothers and mothering, sisters and caretaking, and colonized bodies. Exploring loss and inheritance, beauty and balance, Danielle Geller pays homage to our pasts, traditions, and heritage, to the families we are given and the families we choose. "The ... author of Hourglass now gives us a new memoir about identity, paternity, and family secrets-- a real-time exploration of the ... discovery she made last year about her father, and her struggle to piece together the hidden the story of her own life"-- Packed with 100 inspiring, creative, fun

challenges for boys, this project from violence-prevention organization A Call to Men answers parents' cries for building healthy manhood, respect, and emotional awareness in their sons. Dare to prove a stereotype wrong Dare to watch a movie about someone who's different from you Dare to ask a friend to teach you something they're good at Dare to be a leader This collection of 100 original dares will help boys expand their worldview, inspire more respect toward girls and non-binary kids, and generally develop a healthier idea of manhood. The book features a voicey intro to draw in readers, plus an

afterword that's both a call to action and a resource for parents and educators. Inspired by A Call to Men's tried-and-tested curriculum, this is a way of guiding boys and young men to being their most authentic selves. and Read with Jenna TODAY SHOW Book Club pick telling the story of three generations of Palestinian-American women struggling to express their individual desires within the confines of their Arab culture in the wake of shocking intimate violence in their community. “Where I come from, we’ve learned to silence ourselves. We’ve been taught that silence will save us. Where I come from, we keep these stories to ourselves. To tell them to the outside world is unheard of—dangerous, the ultimate shame.” Palestine, 1990. Seventeen-year-old Isra prefers reading

books to entertaining the suitors her father has chosen for her. Over the course of a week, the naïve and dreamy girl finds herself quickly betrothed and married, and is soon living in Brooklyn. There Isra struggles to adapt to the expectations of her oppressive mother-in-law Fareeda and strange new husband Adam, a pressure that intensifies as she begins to have children—four daughters instead of the sons Fareeda tells Isra she must bear. Brooklyn, 2008. Eighteen-year-old Deya, Isra’s oldest daughter, must meet with potential husbands at her grandmother

Fareeda's insistence, though her only desire is to go to college. Deya can't help but wonder if her options would have been different had her parents survived the car crash that killed them when Deya was only eight. But her grandmother is firm on the matter: the only way to secure a worthy future for Deya is through marriage to the right man. But fate has a will of its own, and soon Deya will find herself on an unexpected path that leads her to shocking truths about her family—knowledge that will force her to question everything she thought she knew about her parents,

the past, and her own future. In this stunning bestseller praised as "our era's *Handmaid's Tale*," a fierce new power has emerged—and only women have it (Washington Post). In *The Power*, the world is a recognizable place: there's a rich Nigerian boy who lounges around the family pool; a foster kid whose religious parents hide their true nature; an ambitious American politician; a tough London girl from a tricky family. But then a vital new force takes root and flourishes, causing their lives to converge with devastating effect. Teenage girls now have immense physical power: they can cause

agonizing pain and even death. And, with this small twist of nature, the world drastically resets. From award-winning author Naomi Alderman, *The Power* is speculative fiction at its most ambitious and provocative, at once taking us on a thrilling journey to an alternate reality, and exposing our own world in bold and surprising ways. "Captivating, fierce, and unsettling...I was riveted by every page. Alderman's prose is immersive and, well, electric." —New York Times Book Review In *Seven Men*, New York Times bestselling author Eric Metaxas presents seven exquisitely crafted

short portraits of widely known—but not well understood—Christian men, each of whom uniquely showcases a commitment to live by certain virtues in the truth of the gospel. Written in a beautiful and engaging style, *Seven Men* addresses what it means (or should mean) to be a man today, at a time when media and popular culture present images of masculinity that are not the picture presented in Scripture and historic civil life. This book answers questions like: What does it take to be a true exemplar as a father, brother, husband, leader, coach, counselor, change agent, and

wise man? What does it mean to stand for honesty, courage, and charity? And how can you stand especially at times when the culture and the world run counter to those values? Each of the seven biographies represents the life of a man who experienced the struggles and challenges to be strong in the face of forces and circumstances that would have destroyed the resolve of lesser men. Each of the seven men profiled—George Washington, William Wilberforce, Eric Liddell, Dietrich Bonhoeffer, Jackie Robinson, John Paul II, and Charles Colson—call the

reader to a more elevated walk and lifestyle, one that embodies the gospel in the world around us. More for Women Only! What's going on in a man's mind? You don't have to scratch your head any longer. After Shaunti Feldhahn's *For Women Only: What You Need to Know About the Inner Lives of Men* broached the subject, women everywhere responded with an overwhelming desire to dig deeper. Now this all-new discussion guide will help you and your friends explore the complex terrain beneath a man's confident exterior. Personal stories, fascinating case studies, and pointed questions

will launch the conversations you need to open your eyes to what the man in your life—a boyfriend, brother, husband, or son—is really thinking and feeling. Men want to be understood, but they're afraid to "freak out" the women they love by confessing what is happening inside their heads. For women who really do want to understand, this group or one-on-one discussion guide is a must for helping you apply all those "ah ha" revelations to your relationships with the men in your life! This newly expanded study guide will help you answer that question. Discussion questions, personal

stories, and situational case studies will equip you to apply truths from the book to the relationships in your life. Additional content includes: • Feedback from For Women Only readers • Space to pen your thoughts after each chapter • Quotes to remember • Tips for starting your own discussion group Ideal for book clubs, small groups, or one-on-one dialogue with the man in your life, this is an invaluable resource and companion to the acclaimed book. Story Behind the Book About five minutes after For Women Only hit the shelves, women started talking about it in small groups, book clubs,

and coffee houses—and with their men. And about five days after that, Shaunti started getting e-mails saying, "We could really use something to help us work through these subjects." For Women Only has opened the eyes of women to things they never understood about men before. Now, the For Women Only Discussion Guide will help them talk through and apply those truths to their lives. A send-up and takedown of the rituals, routines, and missed opportunities of contemporary life, Ling Ma's *Severance* is a moving family story, a quirky coming-of-adulthood tale, and a hilarious, deadpan satire. Most important, it's a heartfelt tribute to the connections that drive us to do more than survive. A classic work of American literature that has not stopped changing minds and lives

since it burst onto the literary scene, *The Things They Carried* is a groundbreaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any

American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award. A trans artist explores how masculinity was imposed on her as a boy and continues to haunt her as a girl--and how we might reimagine gender for the twenty-first century. Vivek Shraya has reason to be afraid. Throughout her life she's endured acts of cruelty and aggression for being too feminine as a boy and not feminine enough as a girl. In order to survive childhood, she had to learn to convincingly perform masculinity. As an adult, she makes daily compromises to steel herself against everything from verbal attacks to heartbreak. Now, with raw honesty, Shraya delivers an

important record of the cumulative damage caused by misogyny, homophobia, and transphobia, releasing trauma from a body that has always refused to assimilate. I'm Afraid of Men is a journey from camouflage to a riot of colour and a blueprint for how we might cherish all that makes us different and conquer all that makes us afraid. So that's what she means! Get ready to know "the other half" in a whole new way! Excerpt from Men, Women and God: A Discussion of Sex Questions From the Christian Point of View I do it all on the basis of one assumption, namely, that a God of love in designing our human nature cannot have put into it anything which is incapable of a pure and happy exercise; and in particular that in making the sex interest so central, permanent, and

powerful in human beings He must have had some great and beautiful purpose. I start, in fact, with the faith that the sexual elements in our humanity, once rightly understood and finely handled, make for the enrichment of human life, for the increase of our health and efficiency, and the heightening of our joy. I believe that nothing is more necessary for the world to-day than that we should trace out the ways in which this tremendous life force that is implanted in us all may be used to forward the higher aims of our common life, and to help the race on its upward march.

lost five men in her

and the bad luck
that can follow

powerfully about
the pressures this
brings, on the men

in a society where
the men are often

absent. She bravely tells her story, revisiting the agonizing losses of her only brother and her friends. As the sole member of her family to leave home and pursue high education, she writes about this parallel American universe with the objectivity distance provides and the intimacy of utter familiarity. "A bold and subversive retelling of the goddess's story," this #1 New York Times bestseller is "both epic and intimate in its scope, recasting the most infamous female figure from the Odyssey as a hero in her own right" (Alexandra Alter, The New York Times). In the house of Helios, god of the sun and mightiest of the Titans, a daughter is born. But Circe is a strange child --

not powerful, like her father, nor viciously alluring like her mother. Turning to the world of mortals for companionship, she discovers that she does possess power -- the power of witchcraft, which can transform rivals into monsters and menace the gods themselves. Threatened, Zeus banishes her to a deserted island, where she hones her occult craft, tames wild beasts and crosses paths with many of the most famous figures in all of mythology, including the Minotaur, Daedalus and his doomed son Icarus, the murderous Medea, and, of course, wily Odysseus. But there is danger, too, for a

woman who stands alone, and Circe unwittingly draws the wrath of both men and gods, ultimately finding herself pitted against one of the most terrifying and vengeful of the Olympians. To protect what she loves most, Circe must summon all her strength and choose, once and for all, whether she belongs with the gods she is born from, or the mortals she has come to love. With unforgettably vivid characters, mesmerizing language, and page-turning suspense, Circe is a triumph of storytelling, an intoxicating epic of family rivalry, palace intrigue, love and loss, as

well as a celebration of indomitable female strength in a man's world. #1 New York Times Bestseller -- named one of the Best Books of the Year by NPR, the Washington Post, People, Time, Amazon, Entertainment Weekly, Bustle, Newsweek, the A.V. For Men Only is your roadmap to making her happy. Their Eyes Were Watching God is a 1937 novel by African-American writer Zora Neale Hurston. It is considered a classic of the Harlem Renaissance of the 1920s, and it is likely Hurston's best known work. NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco

Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in

which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the

fraying wire of his will. One of J.C. Ryle’s main works ‘Thoughts For Young Men’ was first published in 1865. This book’s legacy has endured for more than 150 years because Christian readers still find it relevant and helpful for its profound practical wisdom. In this book, J.C. Ryle offers heartfelt and

practical advice about the temptations that plague most young men such as sloth, lust and love of pleasures, and peer pressure. Any Christian readers in their youth, as well as Christian scholars, will find this small book to be greatly beneficial for their souls. “If you’re looking for an easy charmer, this is the novel for you.”—Shondaland
When their foster-turned-adoptive mother suddenly dies, four brothers struggle to keep open the doors of her beloved Harlem knitting shop. Jesse Strong is known for two things: his devotion to his adoptive mom, Mama Joy, and his reputation for

breaking hearts. When Mama Joy unexpectedly passes away, he and his brothers have different plans for what to do with Strong Knits, their neighborhood knitting store. Jesse wants to keep the store open. His brothers want to tie off loose ends and close shop.... Part-time shop employee Kerry Fuller has kept her crush on Jesse a secret. When she overhears his impassioned plea to his brothers to keep the knitting shop open, she volunteers to help. Unlike Jesse, Kerry knows the “knitty-gritty” of the business, and together they make plans to reinvent Strong Knits for a new generation.

But the more time they spend together, the stronger the chemistry builds between them. Kerry, knowing Jesse’s history, doesn’t believe their relationship can last longer than she can knit one, purl two. But Jesse is determined to prove to her that he can be the man for her forever and always. After all, real men knit.

WITH A NEW INTRODUCTION FROM NEW YORK TIMES BEST-SELLING AUTHOR TAYARI JONES

“How can a novel’s social criticism be so unflinching and clear, yet its plot moves like a house on fire? I am tempted to describe Petry as a magician for the many ways

that *The Street* amazes, but this description cheapens her talent . . . Petry is a gifted artist.” — Tayari Jones, from the Introduction

The Street follows the spirited Lutie Johnson, a newly single mother whose efforts to claim a share of the American Dream for herself and her young son meet frustration at every turn in 1940s Harlem. Opening a fresh perspective on the realities and challenges of black, female, working-class life, *The Street* became the first novel by an African American woman to sell more than a million copies. Tells a story about the strange relationship of two migrant workers

who are able to realize their dreams of an easy life until one of them succumbs to his weakness for soft, helpless creatures and strangles a farmer's wife.

INSTANT NEW YORK TIMES BESTSELLER! "If you liked *Where the Crawdads Sing*, you'll love *This Tender Land*...This story is as big-hearted as they come." —Parade

The unforgettable story of four orphans who travel the Mississippi River on a life-changing odyssey during the Great Depression. In the summer of 1932, on the banks of Minnesota's Gilead River, Odie O'Banion is an orphan confined to the Lincoln Indian

Training School, a pitiless place where his lively nature earns him the superintendent's wrath. Forced to flee after committing a terrible crime, he and his brother, Albert, their best friend, Mose, and a brokenhearted little girl named Emmy steal away in a canoe, heading for the mighty Mississippi and a place to call their own. Over the course of one summer, these four orphans journey into the unknown and cross paths with others who are adrift, from struggling farmers and traveling faith healers to displaced families and lost souls of all kinds. With the feel of a modern classic,

This Tender Land is an enthralling, big-hearted epic that shows how the magnificent American landscape connects us all, haunts our dreams, and makes us whole. A NEW YORK TIMES NOTABLE BOOK • Ghana, eighteenth century: two half sisters are born into different villages, each unaware of the other. One will marry an Englishman and lead a life of comfort in the palatial rooms of the Cape Coast Castle. The other will be captured in a raid on her village, imprisoned in the very same castle, and sold into slavery. One of Oprah's Best Books of the Year and a PEN/Hemingway

award winner, Homegoing follows the parallel paths of these sisters and their descendants through eight generations: from the Gold Coast to the plantations of Mississippi, from the American Civil War to Jazz Age Harlem. Yaa Gyasi's extraordinary novel illuminates slavery's troubled legacy both for those who were taken and those who stayed—and shows how the memory of captivity has been inscribed on the soul of our nation. At the same time Adolf Hitler was attempting to take over the western world, his armies were methodically seeking and hoarding the finest art treasures in

Europe. The Fuehrer had begun cataloguing the art he planned to collect as well as the art he would destroy: "degenerate" works he despised. In a race against time, behind enemy lines, often unarmed, a special force of American and British museum directors, curators, art historians, and others, called the Monuments Men, risked their lives scouring Europe to prevent the destruction of thousands of years of culture. Focusing on the eleven-month period between D-Day and V-E Day, this fascinating account follows six Monuments Men and their impossible mission

to save the world's great art from the Nazis. Millions of babies. All girls. Why? In a dark and divided dystopian America, an ambitious reporter must risk her life and reputation to find out why only females are being born. Twenty-eight-year-old Charley Tennyson has battled PTSD ever since surviving a violent attack that killed her father. Four months later, she returns to her job as a reporter, only to be thrust into a high-profile investigation that forces her to choose between her own safety and the nation's future. For the last two days, only females have been born in America. If the trend continues,

males could become extinct within the next century. Charley's investigation leads to a deep conspiracy that raises unexpected questions about gender roles, violence, government power, and her father's death. The story of one woman's journey to find courage in a world full of fear, *End of Men* is a reminder of what binds us together when everything is falling apart. From the renowned author of *Possession*, *The Children's Book* is the absorbing story of the close of what has been called the Edwardian summer: the deceptively languid, blissful period that ended with the

cataclysmic destruction of World War I. In this compelling novel, A.S. Byatt summons up a whole era, revealing that beneath its golden surface lay tensions that would explode into war, revolution and unbelievable change — for the generation that came of age before 1914 and, most of all, for their children. The novel centres around Olive Wellwood, a fairy tale writer, and her circle, which includes the brilliant, erratic craftsman Benedict Fludd and his apprentice Phillip Warren, a runaway from the poverty of the Potteries; Prosper Cain, the soldier who directs what will become the Victoria and

Albert Museum; Olive's brother-in-law Basil Wellwood, an officer of the Bank of England; and many others from every layer of society. A.S. Byatt traces their lives in intimate detail and moves between generations, following the children who must choose whether to follow the roles expected of them or stand up to their parents' "porcelain socialism." Olive's daughter Dorothy wishes to become a doctor, while her other daughter, Hedda, wants to fight for votes for women. Her son Tom, sent to an upper-class school, wants nothing more than to spend time in the woods, tracking birds and foxes. Her nephew

Charles becomes embroiled with German-influenced revolutionaries. Their portraits connect the political issues at the heart of nascent feminism and socialism with grave personal dilemmas, interlacing until The Children's Book becomes a perfect depiction of an entire world. Olive is a fairy tale writer in the era of Peter Pan and Kenneth Grahame's The Wind In the Willows, not long after Alice's Adventures in Wonderland. At a time when children in England suffered deprivation by the millions, the concept of childhood was being refined and elaborated in ways

that still influence us today. For each of her children, Olive writes a special, private book, bound in a different colour and placed on a shelf; when these same children are ferried off into the unremitting destruction of the Great War, the reader is left to wonder who the real children in this novel are. The Children's Book is an astonishing novel. It is an historical feat that brings to life an era that helped shape our own as well as a gripping, personal novel about parents and children, life's most painful struggles and its richest pleasures. No other writer could have imagined it or

created it.
