**Collected Works of Velimir Khlebnikov, Volume II: Prose, Plays, and Supersagas** Apr 23 2020

Velimir Khlebnikov, who died in 1922 at the age of thirty-six, is one of the great innovators of literary modernism. In Russia a powerful and growing mythology surrounds this Futurist poet and his reputation elsewhere continues to mount. The second volume of the Collected Works consists of Khlebnikov's fiction (thirty-five short stories, dreams, mysteries, and fanciful folktales), his plays, and his unique supersagas, a syncretic genre he created to encompass his iconoclastic view of the world. Paul Schmidt's are the first translations of these works into English. They chronicle the artist's imagination in his feverish search for a poetics that could be as diverse as the universe itself. The fictions, ranging from the mysterious "Murksong" to the epic "Yasir," show a great variety of styles and themes. But it is in the dramatic text that we best see Khlebnikov's struggle to find a workable form for his vision. The *Girl-God*, symbolist-inspired, is a mélange of stylistic shifts and impossible scene changes. In *The Little Devil*, *The Marquise des S.*, and the sardonic *Miss Death Makes a Mistakes*, Khlebnikov finally finds a stageable theatrical form, in a mixture of satire, colloquial speech, and poetic reflections on art and immortality. The dramatist reaches even higher in the supersagas *Otter's Children* and *Zangezi*, achieving a Wagnerian fusion of action, poetry, history, theory, and the musical rhythms of incantation.

**The Cossack Hero in Russian Literature** Jan 21 2020 The *Cossack Hero* in Russian Literature studies the development of the Cossack hero and identifies him as part of Russian cultural mythology. Judith Kornblatt explores the power of the myth as a literary image, providing new and challenging readings of 19th- and 20th-century works by Pushkin, Gogol, Tolstoi, Khlebnikov, Babel, Tsvetaeva, Sholokhov and a number of lesser-known writers, all of whom were attracted to the Cossack. By comparing the Cossack with the American cowboy, she reveals what is both unique and universal about the Russian self-image.

**Childbearing Redeemed** Jan 13 2022 What does the Bible really say about childbearing? What are we to think when the blessing feels more like a curse? Is there any hope in Christ for those who struggle with the many sorrows pregnancy and childbirth can bring? Through one woman's deeply personal story, this book explores the themes of childbearing in the Bible, discovering a powerful message of both anguish and glory in which we see childbearing redeemed.

**Velimir Khlebnikov** Aug 20 2022 Khlebnikov is becoming recognized as one of the major Russian poets of the twentieth century, having for years been dismissed as a purveyor of unintelligible verbal trickery. This book provides a broad survey of his work. Dr Cooke's aim is to be both informative and interpretative by mapping out the contours of Khlebnikov's still largely uncharted poetic world.

*Classical Music in a Changing Culture* Oct 22 2022 In *Classical Music in a Changing Culture*, Donald Vroon takes no prisoners in assessing the challenges and failures and possible successes that confront America's future as a nation of music listeners. Vroon delves into a variety of topics: orchestra finances, contemporary music, classical music marketing, attracting young crowds, musical aesthetics, the future of classical music, the sale and distribution of music in the modern era; the decline of American culture and its causes; the role of misguided ideologies that affect American music, from political correctness to

multiculturalism to period performance practice, and the true richness of our music and its subculture.

**Management of Shipping Companies** Sep 21 2022 The maritime sector is dynamic and volatile, creating the need for continuous monitoring of the latest developments and their effects on the organisation, management and strategies of shipping companies. This book analyses the business environment of these companies and the approaches they adopt in organising and managing their activities. Management of Shipping Companies aims to facilitate the learning and understanding of the fascinating world of shipping business. It examines the organisation and management of companies which manage ocean-going ships, emphasising the special characteristics of the industry and the framework created by these. This textbook offers a detailed account of the companies' processes and functions, the structural and contextual dimensions of their organisation, as well as an analysis of human resources, safety management and the outsourcing of shipping operations. Written in an easily digestible and critical manner, it includes case studies and analysis of best practices implemented by companies worldwide. This unique and accessible book is an ideal text for students in maritime studies programs as well as readers interested in learning about maritime businesses' organisation and management.

*Collected Works of Velimir Khlebnikov* Jun 25 2020 Dubbed "a Columbus of new poetic continents" because of his search for a poetics as diverse as the universe itself, Velimir Khlebnikov is the creator of some of the most extraordinary poems in the Russian language. Sometimes surreal, sometimes esoteric, but always dazzlingly innovative, the 192 poems in this volume range broadly from the lyrical to the epic. One of the founders of Russian Futurism, Khlebnikov spent his entire brief life searching for a new poetic language to express his convictions about the rhythm of history and the connection between the truth of a poet's language and the cosmic truth about the universe. His poetry is characterized by often radical experimentation with language and words, a forceful utopian vision, complex theories of time and history, and multiple poetic personae: from an infantry commander to a Carthaginian war hero, from Cleopatra's paramour to the letters of the alphabet. Completing the *Collected Works of Velimir Khlebnikov*, *Selected Poems* gives us insight into the imagination of a remarkable artist.

*Collected Works of Velimir Khlebnikov: Letters and theoretical writings* Apr 16 2022 Dubbed by his fellow Futurists the "King of Time," Velimir Khlebnikov (1885-1922) spent his entire brief life searching for a new poetic language to express his convictions about the rhythm of history, the correspondence between human behavior and the "language of the stars." The result was a vast body of poetry and prose that has been called hermetic, incomprehensible, even deranged. Of all this tragic generation of Russian poets (including Blok, Esenin, and Mayakovsky), Khlebnikov has been perhaps the most praised and the more censured. This first volume of the *Collected Works*, an edition sponsored by the Dia Art Foundation, will do much to establish the counterimage of Khlebnikov as an honest, serious writer. The 117 letters published here for the first time in English reveal an ebullient, humane, impractical, but deliberate working artist. We read of the continuing involvement with his family throughout his vagabond life (pleas to his smartest sister, Vera, to break out of the mold, pleas to his scholarly father not to condemn and to send a warm overcoat); the naive pleasure he took in being applauded by other artists; his insistence that a young girl's simple verses be included in one of the typically outrageous Futurist publications of the time; his jealous fury at the appearance in Moscow of the Italian Futurist Marinetti; a first draft of his famous zoo poem ("O Garden of Animals!"); his seriocomic but ultimately shattering efforts to be released from army service; his inexhaustibly courageous confrontation with his own disease and excruciating poverty; and always his deadly earnest attempt to make sense of numbers, language, suffering, politics, and the exigencies of publication. The theoretical writings presented here are even more important than the letters to an understanding of Khlebnikov's creative output. In the scientific articles written before 1910, we discern foreshadowings of major patterns of later poetic work. In the pan-Slavic proclamations of 1908-1914, we find explicit connections between cultural roots and linguistic ramifications. In the semantic excursions beginning in 1915, we can see Khlebnikov's experiments with consonants, nouns, and definitions spelled out in accessible, if arid, form. The essays of 1916-1922 take us into the future of Planet Earth, visions of universal order and accomplishment that no longer seem so farfetched but indeed resonate for modern readers.
