THE #1 NEW YORK TIMES BESTSELLER One of Time Magazine's 100 Best Fantasy Books of All Time Book two in the New York Times bestselling series A USA Today bestseller A Wall Street Journal bestseller "Spectacular."—Entertainment Weekly "Fresh and exciting...Tahir has shown a remarkable talent for penning complex villains."—A.V. Club "Even higher stakes than its predecessor... thrilling." —Publishers Weekly, starred review "[An] action-packed, breathlessly paced story." —Booklist, starred review Set in a rich, high-fantasy world inspired by ancient Rome, Sabaa Tahir's *AN EMBER IN THE ASHES* told the story of Laia, a slave fighting for her family, and Elias, a young soldier fighting for his freedom. Now, in *A TORCH AGAINST THE NIGHT*, Elias and Laia are running for their lives. After the events of the Fourth Trial, Martial soldiers hunt the two fugitives as they flee the city of Serra and undertake a perilous journey through the heart of the Empire. Laia is determined to break into Kauf—the Empire's most secure and dangerous prison—to save her brother, who is the key to the Scholars' survival. And Elias is determined to help Laia succeed, even if it means giving up his last chance at freedom. But dark forces, human and otherworldly, work against Laia and Elias. The pair must fight every step of the way to outsmart their enemies: the bloodthirsty Emperor Marcus, the merciless Commandant, the sadistic Warden of Kauf, and, most heartbreaking of all, Helene—Elias's former friend and the Empire's newest Blood Shrike. Bound to Marcus's will, Helene faces a torturous mission of her own—one that might destroy her: find the traitor Elias Veturius and the Scholar slave who helped him escape...and kill them both. Empires rise, civilisations fall and one culture comes to subsume another. It's the way of the world . . . sometimes ways of life are improved, sometimes they are not. But the progression of change is huge and - usually - unstoppable. In this story, the Ossian way of life is fading and the Dachen way is taking its place and Aren is comfortable with that. Even when his parents are accused of treason he supports the establishment and maintains there's been some mistake . . . which is all it takes to get himself and his best friend arrested . . . Thrown into a prison mine they plan their escape - only to be overtaken by events when they're rescued, and promptly find themselves in the middle of an ambush. By the time they've escaped, they're unavoidably linked to Garric - their unwelcome saviour - and his quest to overturn to Dachen way of life. If they leave Garric now, they'll be arrested or killed by their pursuers. If they turn him in, Garric will kill them. If they

stay with him, they'll be abetting a murderous quest they don't believe in. There are no good options - but Aren will still have to choose a path . . . Designed to return to classic fantasy adventures and values, from a modern perspective, this is a fast-moving coming-of-age trilogy featuring a strong cast of diverse characters, brilliant set-pieces and a strong character and plot driven story. Since 2003, readers of all ages have been captivated by Jeanne DuPrau's bestselling dystopian story about a doomed city and the two children determined to escape it. Now new and old fans alike can celebrate *The City of Ember* with this deluxe edition, which includes an introduction by the author and a brand-new story! Ember of the Great River people was a carefree young woman living in a small tribe in prehistoric Germany when a sign from the gods sends her on an epic quest to the ends of the world, where the Sun sets! Armed with only her fishing spear, obsidian dagger, and a keen mind, she faces Raiders, relentless hunters, human sacrifice, wolves and a struggle against nature for her very life as she learns what it means to be a warrior and to truly live. Well researched and highly descriptive, *Ember of a New World* is an inspiring coming-of-age story featuring a strong female protagonist and set in the early Neolithic period of prehistoric Europe, 7500 years ago. Clothing, weapons, rituals, and daily life are described in detail as the reader is transported to wild tribal Europe. Captivating and action-packed, *From Blood and Ash* is a sexy, addictive, and unexpected fantasy perfect for fans of Sarah J. Maas and Laura Thalassa. A Maiden... Chosen from birth to usher in a new era, Poppy's life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. Never to be spoken to. Never to experience pleasure. Waiting for the day of her Ascension, she would rather be with the guards, fighting back the evil that took her family, than preparing to be found worthy by the gods. But the choice has never been hers. A Duty... The entire kingdom's future rests on Poppy's shoulders, something she's not even quite sure she wants for herself. Because a Maiden has a heart. And a soul. And longing. And when Hawke, a golden-eyed guard honor bound to ensure her Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden. A Kingdom... Forsaken by the gods and feared by mortals, a fallen kingdom is rising once more, determined to take back what they believe is theirs through violence and vengeance. And as the shadow of those cursed draws closer, the line between what is forbidden and what is right becomes blurred. Poppy is not only on the verge of losing her heart and being found unworthy by the gods, but also her life when every blood-soaked thread that holds her world together begins to unravel. funding from the Bill and Melinda Gates Foundation—launched the Global Findex database, the world's most comprehensive data set on how adults save, borrow, make payments, and manage risk. Drawing on survey data collected in collaboration with Gallup, Inc., the Global Findex database covers more than 140 economies around the world. The initial survey round was followed by a second one in 2014 and by a third in 2017. Compiled using nationally representative surveys of more than 150,000 adults age 15 and above in over 140 economies, The Global Findex Database 2017: Measuring Financial Inclusion and the Fintech Revolution includes updated indicators on access to and use of formal and informal financial services. It has additional data on the use of financial technology (or fintech), including the use of mobile phones and the Internet to conduct financial transactions. The data reveal opportunities to expand access to financial services among people who do not have an account—the unbanked—as well as to promote greater use of digital financial services among those who do have an account. The Global Findex database has become a mainstay of global efforts to promote financial inclusion. In addition to being widely cited by scholars and development practitioners, Global Findex data are used to track progress toward the World Bank goal of Universal Financial Access by 2020 and the United Nations Sustainable Development Goals. The database, the full text of the report, and the underlying country-level data for all figures—along with the questionnaire, the survey methodology, and other relevant materials—are available at www.worldbank.org/globalindex.

In this memoir, Elizabeth Smart reveals how she survived and the secret to forging a new life in the wake of a brutal crime. On June 5, 2002, fourteen-year-old Elizabeth Smart, the daughter of a close-knit Mormon family, was taken from her home in the middle of the night by religious fanatic Brian David Mitchell and his wife, Wanda Barzee. Elizabeth was kept chained, dressed in disguise, repeatedly raped, and told she and her family would be killed if she tried to escape. After her rescue on March 12, 2003, she rejoined her family and worked to pick up the pieces of her life. With My Story, Elizabeth tells of the constant fear she endured every hour, her courageous determination to maintain hope, and how she devised a plan to manipulate her captors and convinced them to return to Utah, where she was rescued minutes after arriving. Smart explains how her faith helped her stay sane in the midst of a nightmare and how she found the strength to confront her captors at their trial and see that justice was served. In the years after her rescue, Smart transformed from victim to advocate, traveling the country and working to educate, inspire and foster change. She has created a foundation to help prevent crimes against children and is a frequent public speaker. She and her husband, Matthew Gilmour, now have two children. jaw-dropping finale of Sabaa Tahir's beloved New York Times bestselling *An Ember in the Ashes* fantasy series, and discover: Who will survive the storm? Picking up just a few months after *A Reaper at the Gates* left off... The long-imprisoned jinn are on the attack, wreaking bloody havoc in villages and cities alike. But for the Nightbringer, vengeance on his human foes is just the beginning. By his side, Commandant Keris Veturia declares herself Empress, and calls for the heads of any and all who defy her rule. At the top of the list? The Blood Shrike and her remaining family. Laia of Serra, now allied with the Blood Shrike, struggles to recover from the loss of the two people most important to her. Determined to stop the approaching apocalypse, she throws herself into the destruction of the Nightbringer. In the process, she awakens an ancient power that could lead her to victory—or to an unimaginable doom. And deep in the Waiting Place, the Soul Catcher seeks only to forget the life—and love—he left behind. Yet doing so means ignoring the trail of murder left by the Nightbringer and his jinn. To uphold his oath and protect the human world from the supernatural, the Soul Catcher must look beyond the borders of his own land. He must take on a mission that could save—or destroy—all that he knows. In the year 241, twelve-year-old Lina trades jobs on Assignment Day to be a Messenger to run to new places in her decaying but beloved city, perhaps even to glimpse Unknown Regions. New York, Los Angeles, and Washington, D.C., have been abandoned. The Bill of Rights has been revoked, and replaced with the Moral Statutes. There are no more police—instead, there are soldiers. There are no more fines for bad behavior—instead, there are arrests, trials, and maybe worse. People who get arrested usually don't come back. Seventeen-year-old Ember Miller is old enough to remember that things weren't always this way. Living with her rebellious single mother, it's hard for her to forget that people weren't always arrested for reading the wrong books or staying out after dark. It's hard to forget that life in the United States used to be different. Ember has perfected the art of keeping a low profile. She knows how to get the things she needs, like food stamps and hand-me-down clothes, and how to pass the random home inspections by the military. Her life is as close to peaceful as circumstances allow. That is, until her mother is arrested for noncompliance with Article 5 of the Moral Statutes. And one of the arresting officers is none other than Chase Jennings...the only boy Ember has ever loved. More than that, she wants to be brave--a seemingly impossible task in a world where ravens throw black shadows over the earth and wolves prowl barren lands in search of their prey. But Geraldine is a mouse. The weakest of ground things. Why was she, who wants so much to be brave, created by God to be small and quivering? The book's ten stories follow the Woolkins family--Papa, Mama, Geraldine, and Button--from October to December, as they face their rather human trials and tribulations and Geraldine struggles to understand Very Very Big Hands, the creator of all, including ravens and wolves. Suitable for readers of most ages. Parents will want to read the book to younger children, preferably after making them a cup of cocoa.
